TWENTY YEARS' TROUBLE OVER

Beeman Eats Anything, Sleeps Like a Log and Feels Fine in the Mornings, Now

"After suffering twenty years with my stomach, for the first time in all these years I can eat anything I want without any trouble afterward, and I owe it all to Tanlac," said Phil Beeman, a sheet metal worker, who resides at 2905 Lan Franco street, Los Angeles, Cal., recently. Continuing, he said:

"Yes, sir, for all these years my stomach has been in an awful condition, and my appetite has been so poor I had to force every mouthful I ate and this would be barely enough to keep me going. I gradually got worse and worse and in later years after every meal I would become badly nauseated, gas would form and I would bloat something awful. I was extremely nervous all the time and it was utterly impossible for me to get much sleep. I also suffered so badly from constipation I had always to be taking some sort of laxative. I felt miserable all the time and was so weak and run down I just had to drag myself around at my work, and in fact, was hardly able to get about at all."

"I had tried to many different kinds of medicines without any of them doing me a particle of good, I had become very much discouraged, but one day I read such a strong statement from some one about the good Tanlac had done them I decided to try it, and I want to say the good it did me was simply remarkable. I had not taken Tanlac long before I was a well man. I have a good appetite and never suffer from gas or bloating or in any other way from what I eat. My nerves are in good condition and I can sleep like a log all night long and always get up in the morning feeling simply fine. I am never troubled with constipation and have regained my lost strength and energy. If any one wants to know what I think of Tanlac all they have to do is ask me, as it has done me so much good it is a pleasure for me to tell about it."

Tanlac is sold in Ogden by A. R. McIntyre Drug Co. Two busy stores.—Advertisement.

Kansas to Prosecute Strikers in State

TOPEKA Kan., Feb. 10.—Kansas probably will prosecute in the criminal courts national, state and local officials of the railway maintenance and shop laborers' union. If they call a strike in Kansas, it was declared by attorneys connected with the industrial relations' court here today. It was declared that the strike would be in violation of the new state laws.

Soviet Organizer Dies in the City of Moscow

LONDON, Monday, Feb. 9.—An announcement of the death of Fedor Ivanovitch Kalinin, one of the most prominent organizers of the soviet government, commissioner of education and president of the central committee of the proletarian culture, is made in a wireless dispatch from Moscow. He had an adventurous career, suffering exile and imprisonment at various times.

DO THE BEST YOU CAN

When you've done the best you can, Face the outcome as a man. If you've kept your record true, Failure leaves no stain on you. If you've fairly fought to win, Till the last return was in, You may keep your head erect; You've done all that men expect.

Life demands no prize of gold. When your story has been told. Nor does God command your soul To attain some far-flung goal. Men have bravely fought and died, Missing all for which they tried. And yet gloried on high. By the deeds they dared to try.

Not by victory alone Is man's earthly glory shown; He who does the best he can Has fulfilled his Maker's plan. This is all life asks of you; That you keep your record true; That you do not sell your soul Or play false to reach your goal.

Work and wait and face the fray With such courage as you may. Fight for truth with all your might, Give your utmost for the right. And then fail or even die. But be glad you dared to try! For you quit this life a man. If you've done the best you can.

Women Skaters Enter International Events

LAKE PLACID, N. Y., Feb. 10.—During the international championship ice skating contests here February 18 and 19 there will be title events for women skaters, it was announced today. The Lake Placid Skating association stated that the International Skating union had sanctioned these contests for women exclusively.

But at that, some people are still lamenting about the startling lack of Christmas spirit.

HOUSE DEMOCRATS IN VOTE AGAINST BILL

Army Reorganization Bill Will be Pushed in Both Houses and Fought Out on Floor

WASHINGTON, Feb. 10.—There was a wide difference of opinion today among senators and representatives as to the probable effect of the action of the house Democrats last night in voting disapproval of the enactment of universal military training legislation by this congress, despite an appeal from President Wilson.

Chairman Wadsworth, of the senate military committee, announced that the vote of the Democrats would not deter him from pressing the army reorganization bill reported by his committee. He added that he was confident that when congress and the public came to understand the bill there would be a very different view of it.

Chairman Kahn of the house military committee also is determined to press any army reorganization measure embodying the military training feature and the whole question will be fought out on the floor of the house.

Whether army reorganization can be completed before the party conventions in June is doubtful. Senator Wadsworth has announced that the measure will not be taken up in the senate until after the peace treaty has been disposed of and no senator is predicting when that may be. The house committee still is working on its bill and it may be several weeks before it comes to consideration in the house.

Democrats on Record. Democrats of the house were on record today as opposed to universal military training despite an appeal from President Wilson that they refrain from declaring themselves on the issue until the Democratic national convention in June.

The action was taken at the party caucus last night when the house Democrats came out 706 to 17 against any measure providing for universal compulsory military service or training. Earlier in the session the Democrats flatly rejected the president's proposal by voting 88 to 37 against a proposal that action on the measure be deferred.

Explaining their action at the caucus several Democrats declared that they knew the sentiment of the country on military training better than either the president or their leaders.

Legion for Universal Training.

INDIANAPOLIS, Feb. 10.—The Wadsworth army reorganization bill, carrying a provision for universal military training, will be supported by the American Legion, with modifications, it was announced at the closing of a conference of state commanders of the Legion. After an all day discussion of the bill, National Commander Franklin D'Olier was authorized to appoint a committee to co-operate with the Legion's legislative committee and present the suggestions of the conference to congress.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people plump, and making ugly bodies beautiful and healthy, there are evidently thousands of men and women who keep by their executive thinness. Thinness and weakness are often due to a deficiency of phosphorus, as well as the necessary phosphorus food elements. Physicians claim there is nothing so effective as bitro-phosphate, which is expensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphorus food elements, bitro-phosphate should produce a welcome transformation in the appearance of the thin and weak. It is frequently being astonishing.

Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear after a course of bitro-phosphate, along with the bloom of perfect health.

CAUTION—While Bitro-Phosphate is unsurpassed for the relief of nervousness, general debility, etc., those taking it who do not desire to put on flesh should use extra care in doing fat-producing foods.—Advertisement.

PLEASANT SITUATION.

How a farmer near Lulu, Mich., was picked up by the recent storm and carried nearly two miles, has just been learned through an uncle of the man, Charles Johnson, who has been working for H. J. Rohrs and the Standard Oil company on the East Side.

My nephew is John Miller, who lives just at the edge of Lulu, Mich., said Mr. Johnson to the Blade Saturday. "When the storm struck he was out in the summer kitchen and tried to get to the house."

"He had just got outside when he was picked up in the vortex of the whirlwind and carried over a woods for nearly two miles and then deposited on a corn shock."

He was dazed, but crawled inside the corn shock and remained until daylight when he learned he was half way between Ida and Lulu.—Toledo (Ohio) Blade.

DOUBLE FUNERAL FOR MOTHER AND DAUGHTER

Mrs. Melvina Clark, Killed in Auto Accident, to be Buried Tomorrow Afternoon

SALT LAKE, Feb. 10.—The funeral service for Mrs. William C. Harvey, which was so tragically stepped Sunday afternoon by the death of her mother, Mrs. Melvina Clark, in an automobile accident, will be performed again tomorrow afternoon, when the last tributes will be paid to Mrs. Clark.

Mother and daughter will be buried together in the family plot at Wasatch lawn cemetery. There side by side they will be laid to rest, and the family will have two departed ones to mourn instead of the one they grieved for last Sunday.

The cortege will leave the S. M. Taylor chapel at 12:30 o'clock tomorrow afternoon. Details of the services have not yet been completed, and will be announced today.

Mrs. Clark, widow of the late Hyrum B. Clark, had been a resident of Salt Lake for the past quarter of a century. For many years previous to coming here she had lived with her family in the Fairview and Scantland valleys in Kane county, where Mr. Clark was engaged in the livestock business.

She is survived by her sons, Lewis O. Clark, Lynn Clark and Cory Clark, and her daughters, Miss Evelyn Clark and Mrs. Viola Wiltcher. Another daughter, Miss Sabina Clark, lies at the L. D. S. hospital, suffering from perhaps fatal injuries received in the automobile accident which cost her mother's life.

Mrs. Harvey leaves her husband and a two-year-old daughter, Mary Louise. Mrs. Lynn Clark, a daughter-in-law, is with Miss Sabina Clark at the L. D. S. hospital. She, too, lies near death's door, suffering from a fractured skull.

For Colds, Grip or Influenza and as a Preventative, take LAXATIVE BROMO QUININE Tablets. Look for E. W. GROVE'S signature on the box. 20c.—Advertisement.

LEXINGTON AN ARMED CAMP OF SOLDIERS

Squads of Chateau Thierry Heroes Patrol Streets to Prevent Further Mob Violence

LEXINGTON, Ky., Feb. 10.—Dawn today found Lexington an armed camp. Squads of armed soldiers who saw service at Chateau Thierry were patrolling the streets or guarding all approaches to the city to prevent a recurrence of yesterday's mob violence that cost the lives of five persons and caused injury to a score of others.

William Lockett, negro slayer of 10-year-old Geneva Hardman, a school girl, was confined in a steel cage in the county court house here awaiting removal either to the state reformatory at Frankfort or to the prison at Eddyville.

Cause of Rioting.

It was an attempt to lynch Lockett yesterday that caused the rioting. Under guard of several hundred state troops the negro was brought from the state penitentiary to this city,

marched to the court house, found guilty of murder and sentenced to die in the electric chair March 11. Shortly after sentence had been passed a mob of 100 or more men charged the entrance to the court house, bent upon lynching the negro. The troops fired rifles and machine guns into the crowd, leaving the toll of dead and wounded behind.

Additional troops were rushed to the scene from Camp Zachary Taylor during the late afternoon and evening and martial law was declared by Brigadier General F. C. Marshall upon his arrival.

City Under Control. Reports last night that 1500 mountaineers were en route to Lexington to lynch Lockett caused the commanding officer to throw cordons of troops across every road leading into the city and at every strategic point within the city. At 10 o'clock last night the brigadier general announced that the situation was under control and that no further trouble was expected.

NEGROES PRAISE ACTION.

NEW YORK, Feb. 10.—The National Association for the Advancement of Colored People today sent a telegram to Gov. Edwin P. Morrow of Kentucky, containing resolutions of commendation of his attitude in defending the court house at Lexington against the mob seeking to lynch William Lockett, negro slayer of a white girl.

"In commending your honorable action," the resolution read, "the board expresses the view that you have set a worthy example to all governors and civil authorities everywhere, which, if followed, would relieve our country of the disgrace cast upon it when lynching mobs do their will in over-riding law."

FOOLING WITH HEALTH SERIOUS

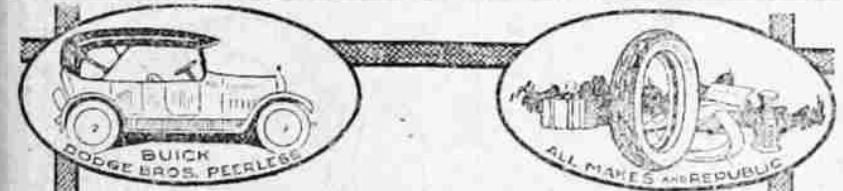

I have frequently asked druggists "What do you push in a blood medicine?" The answer usually came, "The kind I can make the most money on." My answer has always been "Not me." I have succeeded pretty well and I have always recommended the one that I had found by experience to be the best and the one I would be willing to take myself or give to members of my own family. I have never offered the public a medicine that we do not use at home. This is why I can offer "Number 40 For the Blood," with a clear conscience; we have not only tried it on thousands of others, but on ourselves. We take it in all cases. Famous Orchestra Is Coming Here in April Heavy Offers of Pound Sterling Lowers Price

A coast to coast tour, the first in its seventy-eight years of uninterrupted musicmaking in America, is now being planned for the New York Philharmonic Orchestra, the oldest symphonic organization in the country, and the third oldest in the world. The tour, which is scheduled to bring the Philharmonic in the vicinity of Ogden about April 22, 1920, is also the first trip further west than Detroit that the orchestra has made since 1915, when the Philharmonic successfully undertook an extended middle western and southern journey. For those cities, therefore, which are farther away from New York than the somewhat restricted district usually covered by the orchestra's short yearly trips, the proposed coast to coast tour will be not only a new opportunity, but one which may not present itself again for many years.

Rough Roads

The terrific pounding of rough roads on unsprung weight—axles and wheels—concentrates its punishment on the bearings. Of necessity they must be sturdy—and also must perform well their primary function—minimizing friction.

In the New Departure, Timken and Hyatt bearings these attributes are universally known. If your wheel bearings need readjusting, or if new ones are necessary you will obtain the best service here. Wheels occasionally need to be trued—and springs require expert attention in the matter of new shackle bolts and bushings—all making for your greater riding comfort and safety on rough roads.
